

## **Toni Brodelle Bio**

Toni is an experienced, creative and internationally renowned and respected freelance event and speaker promoter, working exclusively within the personal development industry.

She has an extensive network of high-profile contacts and works closely with high-end conference organizers to bring inspirational messages before global audiences.

She is widely-known for her ability to connect with people and to build inspirational partnerships. Her passion is connecting people in such a way that it creates something far greater than the sum of the parts.

From a post-college background in education, Toni worked as a strategic interventionist/trainer with youth at risk and, as part of this, she offered training and facilitation to multi-agency teams to develop community and educational inclusion.

Inspiring people - especially young people - to be the very best they can be is something she remains passionate about and she currently chairs a committee whose sole aims are building community and raising funds to provide additional opportunities/facilities for young people at her local school.

Toni lives Pay It Forward and capitalizes on her contacts, reputation, opportunities, creativity and skills to share this simple - yet transformational - guiding principle with the world.
